At a Session of the INTERSTATE COMMERCE COMMISSION, DIVISION 4, held at its office in Washington, D. C., on the 13th day of April, A. D. 1938.

The matter of the determination of the operating, accounting, and financial papers, records, books, blanks, tickets, stubs, and documents of steam roads, which may, after a reasonable time, be destroyed, being under consideration:

And it appearing, That by Order issued on June 1, 1914, we prescribed regulations to govern the destruction of records of steam roads effective July 1, 1914;

And it further appearing, That since the effective date of said regulations, we have issued supplemental Orders dated June 28, 1915; November 4, 1919; March 10, 1923; November 22, 1923; December 14, 1925; February 19, 1926; November 16, 1927; March 19, 1928; October 4, 1928; July 23, 1935; and December 28, 1937; in which changes were made in the provisions of certain paragraphs of our original order;

And it further appearing, That because of the numerous requests for copies of our original order and copies of the amendments thereto; and in order to simplify them for ready reference, it is desirable and appropriate that our original order and the amendments thereto be consolidated in one report and order;

It is ordered, That the regulations prescribed by our order of June 1, 1914, and as revised by the supplemental orders hereinbefore referred to and made a part hereof be and they are hereby, published and promulgated in revised form effective April 1, 1938.

By the Commission, Division 4.

W. P. BARTEL,
Secretary.

REGULATIONS TO GOVERN THE DESTRUCTION OF RECORDS OF STEAM ROADS

Destruction authorized.

1. Carriers may destroy the accounts, records, and memoranda named in paragraph 20 (other than those marked "Permanently") at their option after having preserved them for the specified periods of time and upon complying with the requirements of these regulations.

Officer having supervision of destruction.

2. An officer, or, where necessities require, two officers, should be appointed by the Board of Directors to have supervision of the destruction of accounts, records, and memoranda. Such officer or officers may be given (*a*) general supervision of the destruction of all accounts, records, and memoranda the destruction of which is permitted by these regulations, or (*b*) authority over the destruction of such of these accounts, records, and memoranda as may be specified by the Board of Directors. A copy of the resolution of appointment shall be filed with the Commission before the destruction of any of the accounts, records, or memoranda involved. Pending action by the Board of Directors, an appointment by an executive committee, or by a similarly authorized committee of the Board of Directors, shall have the same effect as if made by the Board of Directors.

3. If the property of a carrier is in the hands of a receiver or operating trustee, the officer or officers to have supervision of the destruction of accounts, records, and memoranda shall be designated by the receiver or trustee. A copy of the order of the receiver or trustee designating such officer or officers shall be filed with the Commission before the destruction of any of the accounts, records, or memoranda involved.

4. In designating an officer to have general supervision of the destruction of accounts, records, and memoranda it would be preferable to designate by title only, rather than by name and title, and thus obviate the necessity of filing a new resolution each time a successor in the office is appointed.

Written authority of officer having supervision of destruction.

5. When any accounts, records, or memoranda are to be destroyed, an officer having supervision of the destruction of accounts, records, or memoranda (as designated in compliance with paragraphs 2 and 3)

shall issue a written authority to the person or persons by whom the accounts, records, or memoranda are to be destroyed (except as provided for in paragraph 19). This written authority shall state in a formal manner:

First. The person or persons whose duty it shall be to destroy the accounts, records, or memoranda named;

Second. A list of the accounts, records, or memoranda to be destroyed, expressed either in form numbers or by descriptive titles; and

Third. The period or periods covered by the accounts, records, or memoranda the destruction of which is authorized.

6. The authority (*a*) may be confined to certain accounts, records, and memoranda which have been retained for the periods of time specified in these regulations and which the carrier then desires to destroy, or (*b*) may be of continuing effect, applying to any or all of the accounts, records, and memoranda named herein as the periods of retention of such accounts, records, or memoranda attain the limits specified herein.

7. Such written authority, or a certified copy thereof, shall be filed in the office of the issuing officer as a permanent part of the carrier's records. It is not required at present that copies of the written authorities be filed with the Commission.

Certificates of destruction.

8. The person or persons upon whom devolves the duty of the direct supervision of the destruction of the accounts, records, or memoranda under the authority referred to in paragraphs 5 and 6 shall make certificate (except as provided for in paragraphs 11, 18, and 19) setting forth that the accounts, records, or memoranda listed in the said authority have been destroyed and that no other accounts, records, or memoranda than those so listed have been destroyed therewith.

9. If an authority as referred to in paragraph 6 (*b*) is given, a certificate of destruction shall be made listing either by form numbers or descriptive titles the accounts, records, and memoranda destroyed, naming the period or periods covered by the accounts, records, or memoranda, and stating that no other accounts, records, or memoranda than those so listed have been destroyed therewith. Either (*a*) a separate certificate shall be made each time any accounts, records, or memoranda are destroyed, or (*b*) cumulative certificates shall be made with entries each time any accounts, records, or memoranda are destroyed.

10. Certificates of destruction shall be forwarded promptly to the officer having supervision of the destruction of accounts, records, and memoranda who issued the written authority and shall be retained in his office as a permanent part of the company's records. In case cumulative certificates are made they shall be forwarded to such officer periodically, but at least once every six months. It is not required at present that copies of the certificates of destruction be filed with the Commission.

11. Certificates of destruction need not be made for accounts, records, and memoranda, the destruction of which is optional with the carrier, but a written authority, either for specific records or of continuing effect (except as provided for in paragraph 19), shall be issued by the officer having supervision of the destruction of such accounts, records, and memoranda.

Cremation committee for the destruction of certain records.

12. At the option of the carrier the Board of Directors may from time to time name a cremation committee to destroy canceled stock certificates, bonds, or other records covered by item 6 of paragraph 20 in lieu of delegating the authority for the destruction to an officer, as provided in paragraph 2. A copy of the resolution of the Board of Directors naming such committee shall be filed with the Commission before the cremation of any of the records involved, and a cremation certificate shall be permanently retained by the carrier. Certificates of destruction giving full descriptive reference to the documents destroyed shall be made by the person or persons appointed by the officer having supervision of the destruction of records or by the cremation committee. When documents represent debt secured by mortgage, the certificates of destruction shall also be authenticated by representatives of the trustees acting in conjunction with the cremation committee or shall have the trustees' acceptance thereon.

Joint bureaus and agencies.

13. These regulations apply also to the destruction of accounts, records, and memoranda of traffic associations, fast freight lines, demurrage and car service bureaus, weighing and inspection bureaus, and other joint agencies maintained by or on behalf of steam roads. The manager, chairman, or other officer in charge of the association, bureau, etc., may be delegated by the designated officer of each of the carriers to have supervision of the destruction of accounts, records, and memoranda of the association, etc., and in that event he shall issue all authorities for such destruction, and certificates of destruction shall be filed with him. Otherwise a written authority shall be secured from the proper officer of the member carriers concerned each time any of the accounts, records, or memoranda are to be destroyed, and a certificate of destruction shall be filed with each such officer.

Nonoperating companies.

14. A company owning or controlling steam railway property which it does not operate but which it leases to others for operating purposes shall observe these regulations in case it desires to destroy any of its corporate or financial accounts, records, or memoranda.

67389°—38——2

Method of destruction.

15. The precise method of the destruction of accounts, records, or memoranda is not prescribed. The Commission is not concerned with the method of destruction, whether by fire, sale, or otherwise, so long as the destruction is authorized and a certificate of destruction is filed as required by these regulations.

16. If the accounts, records, and memoranda are not actually destroyed by the carrier, but are disposed of by sale or otherwise, the certificate of destruction shall so state. Attention is called to section 15 of the Act to Regulate Commerce, which provides that a carrier shall not divulge to any person information concerning the business of a shipper or consignee which may be used to the detriment of such shipper or consignee. Responsibility for possible infringement of this provision of the law by disposing of its records by other than actual destruction would rest with the carrier.

Accidental destruction of accounts, records, and memoranda.

17. If any accounts, records, or memoranda are destroyed accidentally by fire, flood, or other calamity, a statement shall be prepared listing as far as may be possible the records destroyed and detailing the circumstances in connection with the fire or other calamity. This statement shall be authenticated by an officer or some responsible employee of the company and shall be filed with the officer having supervision of the destruction of accounts, records, and memoranda. A copy of the statement shall be filed promptly with the Commission.

Duplicate accounts, records, and memoranda.

18. Provision is made in item 251*a* of paragraph 20 for the destruction of agency copies of certain accounts, records, and memoranda after such documents have been retained for the periods assigned to the originals. In destroying these copies the certificates of destruction may be dispensed with, but a written authority as provided for in paragraphs 5 and 6 shall be issued.

19. Provision is made in item 251*b* of paragraph 20 for the optional destruction of duplicate copies of accounts, records, and memoranda when such copies are not specifically provided for elsewhere in these regulations and when they contain no information not shown on the originals. In destroying such copies carriers may dispense with the written authorities and the certificates of destruction. The attention of carriers is specially directed to the requirement that the originals (or one true copy) shall be retained for the respective periods named for such records in the regulations.

List of accounts, records, and memoranda, and periods of retention.

20. The following list, indicative of accounts, records, and memoranda of steam roads, is specifically referred to by the regulation

embodied in paragraph 1. The classification of the accounts, records, and memoranda enumerated below under the various general headings is merely for convenient reference and is more or less arbitrary. The regulations are intended to apply to the items as named or described, regardless of the classification and regardless of where filed. Of the accounts, records, and memoranda which are to be retained permanently only the more important are indicated in the list, such specific mention being made so that they may not be confused with any accounts, records, or memoranda for which permission to destroy is herein given.
